## **Dont Hurt People And Dont Take Their Stuff A Libertarian Manifesto:**

*Don't Hurt People and Don't Take Their Stuff* Matt Kibbe, 2014-04-01 Do you believe in the freedom of individuals to determine their own future and solve problems cooperatively Don t hurt people and don t take their stuff Simple and straightforward that s liberty in a nutshell no assembly required And yet it seems like more and more the decisions Washington makes about what to do for us or to us or even against us are having an increasingly adverse impact on our lives Young people can t find jobs millions of Americans are losing the health care plans they were promised they could keep and every one of us is somehow being targeted monitored snooped on conscripted induced taxed subsidized regulated or otherwise manipulated by someone else s agenda based on someone else s decisions made in some secret meeting or closed door legislative deal What gives Our government is out of control But setting things right again requires that you step up and take your freedom back From Matt Kibbe the influential leader of FreedomWorks Don t Hurt People and Don t Take Their Stuff is the first true manifesto of a new libertarian grassroots movement As political powermongers and crony corporatists in Washington continue to consolidate their control and infringe on our most fundamental liberties Kibbe makes the libertarian case for freer people more voluntary cooperation and solving problems from the bottom up He calls out the tyranny of faceless bureaucrats with too much power and discretion laying out a clear road map for restoring liberty A witty yet piercing critique of government s expanding control over you and your future Don t Hurt People and Don t Take Their Stuff is a vital read for all those who cherish personal liberty and the unalienable right to choose your own path in life

**Why Liberalism Works** Deirdre Nansen McCloskey, 2019-10-15 An insightful and passionately written book explaining why a return to Enlightenment ideals is good for the world The greatest challenges facing humankind according to Deirdre McCloskey are poverty and tyranny both of which hold people back Arguing for a return to true liberal values this engaging and accessible book develops defends and demonstrates how embracing the ideas first espoused by eighteenth century philosophers like Locke Smith Voltaire and Wollstonecraft is good for everyone With her trademark wit and deep understanding McCloskey shows how the adoption of Enlightenment ideals of liberalism has propelled the freedom and prosperity that define the quality of a full life In her view liberalism leads to equality but equality does not necessarily lead to liberalism Liberalism is an optimistic philosophy that depends on the power of rhetoric rather than coercion and on ethics free speech and facts in order to thrive

**Responding to the Right** Nathan J. Robinson, 2023-02-14 The editor of Current Affairs artfully and efficiently debunks a series of common right wing arguments Are taxes theft Is abortion murder Does regulation destroy jobs Is white privilege a lie Conservative talking points are everywhere and through well funded media like Fox News Breitbart and YouTube s Prager University the right has an impressive record of packaging its views for a general audience Clearly the left needs to do a better job of fighting back Luckily Current Affairs editor Nathan J Robinson has developed a reputation as a meticulous slayer of irrational and bigoted arguments He has tangled with the likes of Ben

Shapiro Jordan Peterson and Charles Murray exposing their flimsy logic and distorted facts with forensic thoroughness and savage wit In Responding to the Right Robinson blasts right wing nonsense with devastating intellectual weaponry revealing how everyone from Ann Coulter to the National Review uses fear and lies to manipulate the public He gives a detailed explanation of how conservative arguments work and why we need to resist them then goes through twenty five separate talking points showing precisely why each one fails This essential handbook is a stimulating source of issues to debate and a comprehensive challenge to dozens of dominant orthodoxies It sets a new standard for leftist critique and would be an invaluable addition to the arsenals of the millions of progressives fighting the political battles of our age **Leave Me Alone and I'll Make You Rich** Deirdre Nansen McCloskey, Art Carden, 2020-10-30 A thought provoking one volume distillation of the author's powerful trilogy in praise of the middle class's role in creating a better and richer world Library Journal The economist and historian Deirdre Nansen McCloskey has been best known recently for her Bourgeois Era trilogy a vigorous defense unrivaled in scope of commercially tested betterment Its massive volumes The Bourgeois Virtues Bourgeois Dignity and Bourgeois Equality solve Adam Smith's puzzle of the nature and causes of the wealth of nations and of the moral sentiments of modernity The world got rich she argues not chiefly by material causes but by an idea and a sentiment a new admiration for the middle class and its egalitarian liberalism For readers looking for a distillation of McCloskey's magisterial work Leave Me Alone and I'll Make You Rich is what you've been waiting for In this lively volume McCloskey and the economist and journalist Art Carden bring together the trilogy's key ideas and its most provocative arguments The rise of the west and now the rest is the story of the rise of ordinary people to a dignity and liberty inspiring them to have a go The outcome was an explosion of innovation after 1800 and a rise of real income by an astounding 3 000 percent The Great Enrichment well beyond the conventional Industrial Revolution did not McCloskey and Carden show come from the usual suspects capital accumulation or class struggle It came from the idea of economic liberty in Holland and the Anglosphere then Sweden and Japan then Italy and Israel and China and India an idea that bids fair in the next few generations to raise up the wretched of the earth The original shift to liberalism arose from 1517 to 1789 from theological and political revolutions in northwest Europe upending ancient hierarchies McCloskey and Carden contend further that liberalism and innovism made us better humans as well as richer ones Not matter but ideas Not corruption but improvement Leave Me Alone and I'll Make You Rich draws in entertaining fashion on history economics literature philosophy and popular culture from growth theory to the Simpsons It is the perfect introduction for a broad audience to McCloskey's influential explanation of how we got rich At a time when confidence in the economic system is under challenge this book mounts an optimistic and persuasive defense of liberal innovism and of the modern world it has wrought Praise for the Bourgeois Era Trilogy A contender for the great book of our age The Times Book of the Week Persuasive richly detailed and erudite Financial Times Coercion, Authority and Democracy Grahame Booker, 2022-10-31 Classical liberalism has typically sought to maintain as much room as possible for

the exercise of personal initiative in the face of the encroachment of states This book explores these questions of coercion and authority in the context of the size and scope of the state and argues that the state and its agents should be held to the same moral rules as are the individuals it rules over The book considers how a distinct feature of the state is its police or coercive power about which one may ask how the state acquires it and what if anything would justify its use It considers the implication that there is nothing inherent about state agents that entitles one to behave in ways that we would not accept from a private actor and how once that argument is made the state's claim to authority is weakened The author also discusses the extent to which democracy has been thought to provide any sort of justification for coercion or authority This book will be of interest to academics and students of political philosophy especially classical liberalism and legal philosophy
