Ricoeur and the Negation of Happiness Alison Scott-Baumann, 2013-10-24 Ric ur lectured and wrote for over twenty years on negation Do I understand something better if I know what it is not and what is not ness and never published his extensive writings on this subject Ric ur concluded that there are multiple forms of negation it can for example be the other person Plato the not knowable nature of our world Kant the included opposite Hegel apophatic spirituality Plotinus on not being able to know God and existential nothingness Sartre Ric ur working on Kant Hegel and Sartre decided that all these forms of negation are incompatible and also fatally flawed because they fail to resolve false binaries of negative positive Alison Scott Baumann demonstrates how Ric ur subsequently incorporated negation into his linguistic turn using dialectics metaphor narrative parable and translation in order to show how negation is in us not outside us language both creates and clarifies false binaries He bestows upon negation a strong and central role in the human condition and its inevitability is reflected in his writings if we look carefully Ric ur and the Negation of Happiness draws on Ric ur s published works previously unavailable archival material and many other sources Alison Scott Baumann argues that thinking positively is necessary but not sufficient for aspiring to happiness what is also required is affirmation of negative impulses we know we are split by contradictions and still try to overcome them She also demonstrates the urgency of analysing current socio cultural debates about wellbeing education and equality which rest insecurely upon our loose use of the negative as a category mistake

*Rogue Spooks* Dick Morris, Eileen McGann, 2025-08-22 This is the story of an attempted coup d tat by rogue intelligence agents The goal to overthrow the presidency of Donald Trump and subvert the will of the electorate Donald Trump s first 100 days in office were roiled by allegations of treasonous contacts between his campaign team and the Kremlin to rig the election These outrageous charges first surfaced in the notorious Trump Dossier an unverified document of suspect provenance full of wild and salacious accusations This dossier filled with little more than gossip rumor and innuendo was compiled by Christopher Steele a former British intelligence operative who teamed up with the FBI and anti Trump partisans Hillary Clinton supporters paid for Steele s work When no news media would publish the unverified dossier the ex spook enlisted the help of a former UK ambassador to Russia who arranged in turn for a former U S assistant secretary of state to get the document to Senator John McCain in the hope that he would then bring it to FBI Director James Comey s attention McCain did just that Comey himself played a critical role in the dossier ultimately going public giving a confidential summary to President Obama and congressional leaders It was immediately leaked by rogue spooks in order to demean destabilize and destroy Donald Trump s nascent presidency The dossier and this mythical intelligence are the basis for the phony claims about a Russia Trump collusion to steal the election No proof was found No substantiation uncovered Even Comey told Trump he was not under investigation for the Russian meddling charges But that didn t end the leaks or the allegations Working in concert with liberal news outlets these rogue spooks have formed a new Intel Media complex that

threatens our democracy Rogue Spooks will reveal how it works Readers of Rogue Spooks from bestselling authors Dick Morris and Eileen McGann will be shocked to learn the truth about the false accusations against President Trump in the flawed dossier They ll be interested to know how leaks to the media fueled the phony scandal and how intelligence agencies tried to use the newly appointed special prosecutor to oust President Trump *British Documents on the Origins of the War, 1898-1914: The Near East: The Macedonian problem and the annexation of Bosnia, 1903-9* Great Britain.
