Dominant Submissive Training Guide:

Dom's Guide To Submissive Training Elizabeth Cramer,2013-11-22 A Dom sub relationship doesn't just happen. It is a finely crafted and designed system of expectations and joys. In order for you and your submissive lady to fit one another and create a lasting happy union, there must be a period of training. It does not matter if your sub has thirty years of experience in submission or just read 50 Shades of Grey and decided to try it herself. She will need to be trained for the best relationship to emerge. Dom's Guide to Submissive Training was specifically written for doms/masters. It is designed to provide you with a step-by-step blueprint on how to train your new sub. It goes from preparation all the way down to the closing ceremony, including advanced techniques/tips. Training can be one of the most exciting, challenging, and fun parts of the relationship. A well-trained sub will not only serve you in the capacity you deserve but will have built up the two most important elements in any BDSM relationship: trust and consistency. Following the instructions in this guide will allow you to show yourself as a worthy master who is in control, experienced, and able to guide you both to the best possible life. **Submissive Training**

Submissive training is only effective when you have the right techniques to do it. So if you are a master or dominant who is currently in a BDSM relationship, you can get helpful tips from this eBook. Learn the best way on how to keep your submissive happy and contented with anything you give them. Understanding and implementing the BDSM lifestyle can be hard when you don't have the right support. If you simply want to know more about dominant/submissive relationship, this is the best solution for you. Know and identify your desires and get the pleasure that you always deserve from this rare connection. Owning and helping a consensual slave is not that easy because you need knowledge in training them to act like one. The rules should be strictly implemented once the submissive agrees to the contract. However, there will be punishments when a rule is broken intentionally or not. This is why it's very important that you educate your consensual slave with all the necessary details as they will be held responsible for every act that they do. The terms consensual, sane, and safe are actually the keystones of carefully practicing such lifestyle. **BDSM Guide** Tim Stoic,2019-07-25 Bdsm Pamela

Pain and pleasure

Punishment and reward

Is that what BDSM is all

about It s a big misconception that BDSM is all about punishing the sub BDSM is a safe sexual roleplaying game between you and your partner Adding just a small dose of BDSM lets you explore your kinky side in new ways In this book you will learn how to live out your sexual desires explore your sexual fantasies and experiment with pain and pleasure Being the Dom can be tricky at times It involves a lot more than just punishing the Sub To be prepared This book gives you answers to some of the most common questions about the dominant role including Qualities of a Dom Rules for a Dom Safety techniques Tools and toys The BDSM community And much more Ready to be the best Dom your Sub has ever had You can start your training right now *Dom's Guide To Submissive Training Vol. 2* Elizabeth Cramer,2015-03-08 There are two foundational pillars of a BDSM relationship between a Dom and a sub consent and trust Everything else in the relationship the fun the love the discipline the eroticism the tears and the journey are all built on those standards Both consent and trust require honest communication in order to thrive The vast majority of that communication begins long before the training begins In Dom s Guide to Submissive Training Vol 2 I listed 25 things you must know about your new sub if you want to create a satisfying relationship with a devoted submissive It s not enough to just ask What do you like or Would you like to be my sub You need to know things about your sub that are deeper more practical and helpful Without the knowledge of these 25 things you may be able to create momentarily excitement but it will surly turn into a frustrating short term relationship headed for drama disaster and end Following this guide allows your sub to communicate freely and provides a mechanism for her to reveal her true self even if she doesn t have the words to do so There are a million things subs want their Doms to know These questions will help your sub tell you *Bdsm* Maxwell Diamond,2018-11-21 A different and important take on the common How to train your Submissive BDSM books Are you an unsatisfied Submissive Do you want more out of your BDSM relationship Is your Dominant misbehaving Do you want to enter into the realm of sexual Submission and do you want to know how to get the most out of it You ve come to the right place BDSM is a common occurrence that is practiced by millions of people under different parameters Many people are first introduced to the concept of BDSM kinks and fetishes through films television or social media This often leads people to having a skewed understanding of the lifestyle BDSM community and BDSM practices Many people believe that BDSM is in someway perverted or outside the realms of normal adult sexual activity This is not the case however as BDSM can take many different forms The media often portrays BDSM practitioners as untrustworthy and abusive this could not be further from the truth The media portrayal of BDSM often leads people to feel ashamed which leads them to not pursue their BDSM desires It is perfectly normal and healthy to want to be a Dominant or a Submissive within a BDSM relationship It is commonly believed that the relationship between a Submissive and their Dominant has elements of nonconsensual action and that the Submissive will be constantly or occasionally forced to act out sexual scenarios and sexually behave in ways they do not desire It is commonly believed that the Submissive has no power in the relationship and no say on how they are treated This false idea will be challenged explained and explored within this book Within this book
