Pocket Guide To Chemical Hazards, 1987 *Regulated Chemicals Directory 1994* ChemADVISOR Inc. Staff, 2012-12-06

The Regulated Chemicals Directory™ is meant to be a convenient source of information for everyone who needs to keep up to date regarding the regulations and recommendations that pertain to chemical substances. The RCDTM is designed to be the first reference book to consult when beginning compliance efforts. Every regulatory or advisory list used in the RCDTM is keyed to its source to help readers who need more detailed information on regulations, recommendations, or guidelines readily locate source documents. Some organizations now center their compliance efforts on computerized information stored in cross-referenced databases. A unique feature of the RCDTM is the availability of an electronic version suitable for use on IBM compatible personal computers, download onto mainframes, and CD ROM players. Both the print and electronic versions are updated with the same timeliness. For more information on the electronic versions of the Regulated Chemicals Directory™, contact Chapman Hall directly, One Penn Plaza, New York, NY 10119, fax 212 564 1505. Many companies working on product development need information on what may be regulated in the future. The RCDTM provides selected information on pending regulations and in progress testing lists which can provide a starting place for tracking future regulatory considerations. Information for the RCDTM is continually gathered and updated. Suggestions from readers for information that should be added to the RCDTM or for other ways to improve the book are welcomed by Chapman Hall. Patricia L. Dsida, Pres. ChemADVISOR Inc. ix, Part A Chemical Lists and Indexes, Section 1.
