can accelerate your creative process but it shouldn't erase your individuality *Design With AI Without Losing Your Taste* teaches artists, designers, and creative professionals how to harness AI as a collaborator, not a replacement. This book walks you through the process of using AI tools for brainstorming, sketching, and refining ideas while maintaining control over aesthetics, emotion, and intent. Learn how to build critique loops that use AI feedback to sharpen, not dilute, your signature style. From crafting effective prompts and curating reference moodboards to analyzing visual output critically, you'll discover practical workflows for keeping your creative voice authentic in the age of automation. Through real-world examples, design frameworks, and mindset shifts, *Design With AI Without Losing Your Taste* helps you establish an intelligent partnership with your tools, one that amplifies intuition rather than imitation. Whether you're a hobbyist exploring new creative tools or a professional building client-ready concepts, this book gives you the language, process, and confidence to use AI while staying true to your artistic identity.

*Perspectives and Trends in Education and Technology* Anabela Mesquita, António Abreu, João Vidal Carvalho, Cleuciliz Santana, Cristina Helena Pinto de Mello, 2023-10-21. This book presents high-quality, peer-reviewed papers from the International Conference in Information Technology Education (ICITED 2023) to be held at the Nilton Lins University, Manaus, Brazil, during June 29-30, 2023. The book covers a specific field of knowledge. This intends to cover not only two fields of knowledge: Education and Technology, but also the interaction among them and the impact result in the job market and organizations. It covers the research and pedagogic component of Education and Information Technologies, but also the connection with Society, addressing the three pillars of higher education. The book addresses the impact of pandemic on education and use of technology in education. Finally, it also encourages companies to present their professional cases, which will be discussed. These can constitute real examples of how companies are overcoming their challenges with the uncertainty of the market.
