Sticking Points Haydn Shaw, 2013-07-22. This is the first time in American history that we have had four different generations working side by side in the workplace: the Traditionalists born before 1945, the Baby Boomers born 1945-1964, Gen X born 1965-1980 and the Millennials born 1981-2001. Haydn Shaw, popular business speaker and generational expert, has identified 12 places where the 4 generations typically come apart in the workplace and in life as well. These sticking points revolve around differing attitudes toward managing one's own time, texting, social media, organizational structure and, of course, clothing preferences. If we don't learn to work together and stick together around these 12 sticking points, then we'll be wasting a lot of time fighting each other instead of enjoying a friendly and productive team. *Sticking Points* is a must
