HERE FOR THE first time students of Emily Dickinson can find a single source of accurate up to date information on the poet s life and works her letters and manuscripts the cultural climate of her times her reception and influence and the current state of Dickinson scholarship Written by a distinguished group of contributors from the United States and abroad the twenty two essays in this volume reflect the many facets of the poet s oeuvre as well as the principal trends in Dickinson studies Topics include Richard Sewall on Dickinson s life Agnieszka Salska on her letters David Porter on themes or the lack of them in the poetry Judith Farr on Dickinson and the visual arts and Roland Hagenbuchle on the poet and literary theory Contributions from newer scholars range from Kerstin Behnke on translation and Martha Ackmann on biography to Marietta Messmer on the poet s critical reception and Paul Crumbley on her dialogic voice Each essay presents a historical overview of the subject under scrutiny and offers detailed discussion of the most relevant issues The scholarship is original and exemplary in some cases providing access to little studied areas for example Jonnie Guerra s essay on adaptations of the poems in the arts and in others providing an overview of hotly debated areas of study Suzanne Juhasz on new directions in Dickinson study or Martha Nell Smith on editing the poems Unlike encyclopedic entries each essay also reflects the contributor s distinct and at times controversial point of view As a result the essays will prove useful not just to beginning students but also to established scholars looking for a review of areas of Dickinson studies with which they are less familiar
