*Explorations in Global Ethics* Sumner Twiss, Bruce Grelle, 2019-08-30 This volume for the first time brings the scholarly discipline of comparative religious ethics into constructive collaboration with the community of interreligious dialogue Its design is premised on two important insights First interreligious dialogue offers to comparative religious ethics a new more persuasive rationale agenda of issues and practical orientation Second comparative religious ethics offers to interreligious dialogue an arsenal of critical tools and methods which will enhance the sophistication of its practical work In this way both theory a dominant concern and strength of comparative religious ethics and praxis a dominant concern and strength of interreligious moral dialogue are joined together in mutual effort each contributing to the benefit of the other The volume s contributors share this vision of collaboration drawing explicitly from both communities of discourse in a manner that crosses disciplinary and professional boundaries to deal creatively and constructively with important methodological and global moral issue Although theory and practice cannot easily be separated in such a collaborative project for the purpose of clarity the volume is divided into two main parts The first specifically engages questions of method theory and the social role of the public intellectual the second on substantive moral themes and issues many of which were raised at the 1993 Parliament Taken together the volume s essays articulate and illustrate new ways of approaching contemporary moral concerns cross culturally yet with a rigor appropriate to our complex and pluralistic world

Twiss, Bruce Grelle, 2014 Practices of Global Ethics Frederick Bird, 2016-02-28 The Practices of Global Ethics takes a unique look at global ethics not as mere written statements but as a set of practices undertaken by thousands of organisations and hundreds of thousands of people to shape the normative trajectory of human affairs It looks at statements of global ethical principles including The Universal Declaration of Human Rights the Earth Charter and the Rio Documents and positions them as the outcomes and expression of ongoing practices Offering innovative critical and thoughtful analyses of ethical practices since World War II the book examines efforts to promote human rights foster ecological responsibility end genocide reduce global poverty encourage responsible and sustainable international business practices cultivate understanding and collaboration amongst the world's religions among other worldwide endeavours The Practices of Global Ethics Frederick Bruce Bird, Sumner B. Twiss, Kusumita Priscilla Pedersen, Clark A. Miller, Bruce Grelle, 2016 The Practices of Global Ethics takes a unique look at global ethics not as mere written statements but as a set of practices undertaken by thousands of organisations and hundreds of thousands of people to shape the normative trajectory of human affairs It looks at statements of global ethical principles including The Universal Declaration of Human Rights the Earth Charter and the Rio Documents and positions them as the outcomes and expression of ongoing practices Offering innovative critical and thoughtful analyses of ethical practices since World War II the book examines efforts to prom **Religion and Atheism in Dialogue** Anthony Carroll, Richard Norman, 2025-06-23 The divide in our societies between those who are religious and those who are not is becoming increasingly apparent in many areas of contemporary life This fascinating book based on conversations between religious and nonreligious participants asks if societies divided on such fundamental questions can nonetheless find some common ground A rich array of topics is explored including the linguistic complexities of using the concept of God the relation between science and religion the ethics of altruistic concern sexuality and gender roles and the possibility of shedding light on important positions often taken to be intractable or nonnegotiable In addition topics of a more reflective nature but also prone to polarise are also examined such as spiritual experience and practice mindfulness the arts and the nature of human consciousness Religion and Atheism in Dialogue will interest anyone who is concerned about the current tensions and even conflicts exhibited between religious and secular positions on a range of key issues and how it might be possible to move beyond them It will also be of interest to students of ethics philosophy of religion and religious studies and all those who are concerned to explore how better dialogue across differences might be possible Minimal English for a Global World Cliff Goddard, 2017-10-03 This book introduces a new tool for improving communication and promoting clearer thinking in a world where the use of Global English can create numerous

comprehension and communication issues Based on research findings from cross linguistic semantics it contains essays and studies by leading experts exploring the value and application of Minimal English in various fields including ethics health human rights discourse education and international relations In doing so it provides informed guidelines and practical advice on how to communicate in clear and cross translatable ways in Minimal English This innovative edited collection will appeal to students and scholars of applied linguistics language education and translation studies

**Constructing Moral Concepts of God in a Global Age** Myriam Renaud,2022-07-29 Constructing Moral Concepts of God in a Global Age focuses on what people say and think about God rather than on arguments about God s existence It advances a theological method or step by step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions Since a moral God is more likely to foster a moral life this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral The proposed method builds on the work of twentieth century theologian Gordon Kaufman during the Kantian phase of his work It anticipates a person like God who hears prayers loves without end and comforts in times of hardship To accommodate today s pluralistic and globalized world the ethical check integrated in the method is a widely collaborative and vetted global ethic the Parliament of the World s Religions Declaration Towards a Global Ethic This volume of constructive philosophical theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others

**Precision-guided Munitions and Human Suffering in War** James E. Hickey,2016-04-08 James Hickey proceeds from the premise that throughout history humans have demonstrated a proclivity for using violence against one another as a means to achieve an end means enabled in many respects by the technologies available at the time Advancing technology has often been a prime enabler of ever increasing levels of violence and attendant human suffering At a few junctures in history however certain technologies have seemingly provided the armed forces that possess them the ability to fight wars with decreasing levels of violence and suffering Today precision guided munitions PGMs with their high degree of discrimination and accuracy again hold such promise This book seeks to answer the question Do PGMs mitigate suffering in war and have these weapons changed the way decisions regarding war and peace have been made Answering this question helps us understand possible shifts in emphasis in modern warfare both in terms of methods employed and of the greater concern placed on limiting human suffering during conflict This book will help students of ethics just war and military history and senior military and civilian leaders to understand the possible outcomes and wider implications of their strategic choices to use such technology

**Religion and American Cultures** Gary Laderman,Luis León,2014-12-17 This four volume work provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular

Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective. The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture. Readers will discover that Americans aren't largely Protestant, Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine. And although most Americans believe in a higher power, the fastest growing identity in the United States is the none, those Americans who elect none when asked about their religious identity, thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized. The first volume explores America's multicultural communities and their religious practices, covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino, African American, Native American and Asian American communities. The second volume focuses on cultural aspects of religions, addressing topics such as film, Generation X, public sacred spaces, sexuality and new religious expressions. The new third volume expands the range of topics covered with in-depth essays on additional topics such as interfaith families, religion in prisons, belief in the paranormal and religion after September 11, 2001. The fourth volume is devoted to complementary primary source documents.

Comparative Religious Ethics Darrell J. Fasching, Dell deChant, David M. Lantigua, 2011-03-31. This popular textbook has been thoroughly revised and updated to reflect recent global developments whilst retaining its unique and compelling narrative style approach. Using ancient stories from diverse religions, it explores a broad range of important and complex moral issues, resulting in a truly reader-friendly and comparative introduction to religious ethics. A thoroughly revised and expanded new edition of this popular textbook yet retains the unique narrative style approach which has proved so successful with students. Considers the ways in which ancient stories from diverse religions such as the Bhagavad Gita and the lives of Jesus and Buddha have provided ethical orientation in the modern world. Updated to reflect recent discussions on globalization and its influence on cross-cultural and comparative ethics, economic dimensions to ethics, Gandhian traditions and global ethics in an age of terrorism. Expands coverage of Asian religions, quest narratives, the religious and philosophical approach to ethics in the West and considers Chinese influences on Thich Nhat Hanh's Zen Buddhism and Augustine's Confessions. Accompanied by an instructor's manual, coming soon, see [www.wiley.com/go/fasching](http://www.wiley.com/go/fasching) which shows how to use the book in conjunction with contemporary films.

**Ethics in the Global Village** Jack A. Johnson-Hill, 2008. Jack Hill connects the dots between what Jesus said long ago and what we experience now in a radically new way by linking the voice of Jesus to unheard voices of contemporary, largely marginalised social and political movements.

*Choice*, 1999     **Human Rights and Responsibilities in the World Religions** Joseph Runzo, Nancy M. Martin, Arvind Sharma, 2003-08. In this text, some of the world's greatest philosophers and scholars of religion have merged to consider the role played by the world.

religions in mediating and promoting human rights      **Ethical Issues in Six Religious Traditions** Clive Lawton, Peggy Morgan, 2007 This book draws together authors respected in six traditions to explore in parallel the ethical foundations for Hindu Buddhist Sikh Jewish Christian and Muslim faiths Each section introduces a different religion and asks specific topical questions set in a wider context      *The Best Books for Academic Libraries: Religion and philosophy* ,2002
