## **Exceptional Leadership Lessons From The Founding Leaders:**

**Exceptional Leadership** Gilbert W. Fairholm, 2013-06-20 This book is about values and principles that have formed the backbone of the exceptionality of America These values and principles have shaped the way leadership in America has evolved and prescribed the way leaders have practiced their craft It is about what both leaders and their followers implicitly know about what a good leader is and does and about why they follow one leader and not another The book is about how leaders in all facets of society think or should think about their interrelationships with other human beings For relationships is the essence of leadership We can only lead those in some kind of association with us as Only together can we do whatever task the leader of our particular organization asks of us today and every day of our lives This is true not just at work but in the family our collective social and recreational pursuits and even when alone doing something we want to get done Because all we do ultimately will impact our attitudes and actions or those of others For that finally is what leadership is impact on another This book identifies the values and principles of leadership the founding leaders identified and used and that have marked American culture for over two centuries in all dimensions of life It defines and delimits the actions and attitudes of mind of the exceptional leaders who first articulated and then led in terms of those values as they made America The ideas about exceptional leadership discussed are taken from their own leadership example and from their thoughtful conclusions The ideas are fully American These first leaders drew up the blueprint for what America is and has become Their creation has survived countless challenges over the two hundred years of its creation to become the United States of America

*Exceptional Leaders* Gilbert W. Fairholm, 2013      *Overcoming Workplace Pathologies* Gilbert W. Fairholm, 2015-07-04 This book deals directly with the characteristics of the relationships that the leader builds in the context of the work environment It argues that the prevailing work community work culture is intended to help the leader lead but increasingly it impedes the leader s work Leadership is a function of the leader s values attitudes and aspirations leadership flows from the leader s spiritual character defining core essence However the author argues that cultural forces coming from both inside and outside the workplace often designed to promote diversity inclusivity and tolerance have introduced into the work culture values and behavior that are pathological to executing effective leadership and detrimental to the health of work communities While attractive on the surface these new values are toxic to the idea of relationship and thus threaten the work community culture in effect killing leadership This book will arm leaders with the tools resources and techniques to recognize and overcome workplace pathologies After reading this book leaders will have a complete understanding of the key principles of spirit based values leadership see clearly that the leader s values shape both the leader s one on one relationships with coworkers and are at the center of the work culture they create to re enforce coworker actions and decisions appreciate more fully the power of the ambient work culture to influence coworkers toward leader set values and methods guiding the work community know the toxic effect on doing leadership of introducing non work values and

standards into the work community culture understand the arguments against allowing subgroups of the work community to form and practice values opposed to the values the leader has set for the full group be better prepared to deal with the consequences of encountering evil hatred and or fear in the workplace realize that not all coworkers are uniformly honest and truthful and learn ways to counter this behavior and still accomplish the work community's goals and ensure its productivity The result is a pragmatic approach to aligning values behaviors and performance while enhancing the principles of effective and positive leadership throughout the organization Leadership Lessons from History Calvin J. Maestro Jr.

M.D. MBA/HCM,2015-04-25 This is a book that you can read in one sitting This also is a book that you will not soon forget One part history lesson and one part storytelling it combines humor and personal experiences to reveal how even the best of leaders and managers can flub up or excel Don't you make the same mistakes Although intended for physicians new to leadership roles in this age of team oriented healthcare management anyone can benefit from its examples Presented in no specific order and often ranging far away from strict medical subjects the reader can take his or her time to absorb the presented subject matters be it military or administrative in nature Additionally there are a few stories about being a husband and father Just don't forget to have fun reading them *Leadership Lessons with The Beatles* Shantha

Mohan,2022-05-03 Leadership has gone through many changes in the last couple of decades We have realized that outstanding leadership is not about being authoritarian and exercising control It is not only about the intelligence quotient IQ but also about emotional intelligence To be an exceptional leader you need several essential skills all of which you can learn The skills are nuanced with emotional intelligence which you can gain This book is unique the author weaves leadership ideas with the song titles of The Beatles making this book fun playful thoughtful and valuable Each chapter is organized with the key message on a leadership attribute prompted by a Beatles song title tips on becoming better on the topic a practice suggestion questions to ask yourself to think about the message and resources for more reading The author begins each chapter with how and why she chose the song and includes fun facts It's an engaging book that blends the words of perhaps the greatest rock band ever The Beatles with the basic principles for becoming a better leader **Great Leaders in**

**History: What We Can Learn from the Past** Ahmed Musa,2024-12-22 History is full of incredible leaders people who shaped the world overcame impossible odds and inspired others to greatness But what exactly made them so special How did they face challenges that could break anyone else and come out stronger And most importantly what can we learn from them to become better leaders ourselves **Great Leaders in History What We Can Learn from the Past** dives into the lives of legendary figures from across time from warriors and visionaries to revolutionaries and innovators This isn't your typical history lesson it's a bold fresh take on leadership through the eyes of history's biggest changemakers You'll meet leaders like Alexander the Great who built an empire before most people even figure out their careers and Joan of Arc a teenager who led armies with nothing but raw belief and courage Learn from modern powerhouses like Nelson Mandela who proved the

strength of resilience and Steve Jobs who turned dreams into world changing innovations But it s not just about the big names This book uncovers the lessons hidden in every story whether it s about strategic genius emotional intelligence or the power of vision You ll see how their successes and their failures can teach you to lead with purpose inspire others and make a lasting impact Written with a conversational vibe and packed with surprising insights this book is perfect for anyone who wants to unlock their inner leader Whether you re dreaming of building a business stepping up in your community or simply leading yourself to a better life the wisdom in these pages will show you how history s greatest leaders didn t just lead they redefined what leadership could mean So what are you waiting for The past is calling and it s packed with lessons to help you crush it in the future Are you ready to answer Let s learn from the past to lead the future **Unusually Excellent** John Hamm,2011-02-22 Master the fundamentals of leadership at every stage in your career Often when leaders experience trouble they look to blame an outside source or expect a small tweak to right their ship But many times they ve actually lost their grip on the very basic foundation of leadership The business environment may change but no management trend can displace the core laws proven over centuries of excellent leadership Unusually Excellent is an essential resource for leaders that brings these fundamentals together in a new and comprehensive way This book will help leaders at any level keep their focus on the bedrock principles that will make them extraordinary Thoroughly practical day to day primer for achieving and maintaining their highest level of leadership for today and for a lifetime The author s Harvard Business Review articles are among the most highly read in the magazine s history Written for all leaders who need to develop and renew their leadership skills Using a sports analogy the author breaks the work of leaders into three parts pregame a matter of character game day a matter of competence and postgame a matter of consequence Leadership Lessons from the Ancient World Arthur Cotterell,Roger Lowe,Ian Shaw,2006-07-28 As the demand for comparative studies of leadership rises managers and trainers are looking harder than ever for new studies to which trainees will not bring preconceived idea This unique book delivers just that Though the contexts have changed the examination of ancient events from a business perspective provides a wealth of useful insights on how the process of leadership works From China s first emperor Liu Bang on vision and Pericles on integrity to Alexander the Great on communication and Ramesses II on courage Leadership Lessons from the Ancient World combines history with business to show that the universal strategies used by great leaders of the past are still relevant today

**Handbook of Lessons on English History ... and Intended to Accompany the Author's Genealogical and Chronological Chart** John Yarnold,1874 **Lessons in English history** J R. Yarnold,1880 Summary of World Broadcasts ,1996 The Church School Journal ,1907 *Military Leadership* Robert L Taylor,William E Rosenbach,2000 The fourth edition of this classic text continues its popular interdisciplinary approach to the topic of leadership by examining the elements of military leadership from the perspective of contributors in the fields of history business religion politics and education The fourth edition presents a broad spectrum of ideas and perspectives relating to military leadership in the

current environment It includes multinational views reflecting the global military stage This new edition synthesizes classic pieces from the second and third editions with contemporary readings to provide the reader with important insights into the concepts of military leadership throughout the vagaries of regional conflict and maintenance of peace The resulting synthesis stimulates the reader to understand the complex dynamics of effective leadership in the context of military history values and culture **American History** ,2006 Leadership Defined David E. Wright,2005 It is an undeniable truth America needs great leaders You don t have to look far to see the impact of poor leadership on our culture American politics business economics and even the family have suffered deep wounds because men and women have failed the leadership test Leadership Defined offers readers an intimate look into the hearts and minds of a unique and dynamic collection of leadership experts each offering valuable and relevant insights *Adult Leader* ,1928 **The Musical Leader** ,1928

**Founding Leadership** Brent Taylor,2019-03-05 What would Washington or Jefferson or Hamilton do Practical leadership lessons from the eighteenth century that you can use today To many the leaders of the American Revolution are distant men of myth stoic heroic and unknowable People take for granted that these men were brilliant but rarely ask why What distinguished them from their fellow citizens both then and now What can they teach about leadership and about realizing both career and personal goals Founding Leadership reveals the human side of these marble men examining the words deeds and personal qualities that allowed Washington Jefferson Adams Hamilton and others to achieve their utopian aims Historian Brent Taylor demonstrates that effective leadership requires more than perseverance and a laundry list of how to steps It requires leaders to conceive visions greater than themselves then communicate those visions in ways that inspire persuade and motivate others In examining historical episodes both famous and obscure Taylor uncovers the light and dark sides of power including the motivations behind Benedict Arnold s infamous betrayal Through these fascinating studies you can become more attuned to America s past and most importantly to your own leadership potential The Journal of Education Thomas Williams Bicknell,Albert Edward Winship,Anson Wood Belding,1901 Nathan C.
