## **Excuse Me Professor Challenging The Myths Of Progressivism:**

Excuse Me, Professor Lawrence W. Reed, 2015-07-28 There s little truly progressive about Progressivism True progress happens when humans are free yet the Progressive agenda substantially diminishes freedom while promising the unachievable Excuse Me Professor provides a handy reference for anyone actively engaged in advancing liberty with essential essays debunking more than 50 Progressive clich s Does the free market truly ignore the poor Are humans really destroying the Earth Is the government truly the first best source to relieve distress Compiled and edited by Lawrence W Reed in collaboration with the Foundation for Economic Education and Young America s Foundation this anthology is an indispensable addition to every freedom lover s arsenal of intellectual ammunition **Responsible Management in**

**Africa, Volume 2** Kemi Ogunyemi, Omowumi Ogunyemi, Amaka Anozie, 2022-07-11 Responsible Management in Africa delivers a rich reservoir of indigenous value narratives based on a well balanced philosophical anthropology enriching global knowledge in the philosophy of management and in business ethics and contributing much needed insights for leaders around the world to manage enterprise responsibly **The Closing of the Liberal Mind** Kim R. Holmes, 2017-12-12 A former U S Assistant Secretary of State and currently Acting Senior Vice President for Research at The Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today s liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties **Real Heroes** Lawrence W Reed, 2016-09-27 Character is indispensable to a successful career and a happy life It s also essential to our liberty because if a society can t govern itself then government must step in to police our decisions and actions Sounds pretty heavy right Well the good news is that character is nothing more than the sum of our

choices and it is something every one of us has total control over And here s even better news this book gives us flesh and blood models men and women whose choices and actions make them heroes The forty people Lawrence W Reed profiles in this accessible inspirational book are not the usual examples Some are well known historical and cultural figures yes but Real Heroes also features many remarkable people you have never heard of Reed ranges far and wide from the distant past to the present from the United States to Europe to Asia from statesmen to scientists athletes to inventors entrepreneurs to theologians and writers to teachers Concise and compelling Real Heroes features a bulleted summary of key facts and takeaways at the end of each profile This book will become a treasured resource for parents and teachers and a favorite of readers of all ages

*Who Needs the Fed?* John Tamny,2016-05-24 The Federal Reserve is one of the most disliked entities in the United States at present right alongside the IRS Americans despise the Fed but they re also generally a bit confused as to why they distrust our central bank Their animus is reasonable though because the Fed s most famous function targeting the Fed funds rate is totally backwards John Tamny explains this backwardness in terms of a Taylor Swift concert followed by a ride home with Uber In modern times he points out the notion of credit has been perverted so that most people believe it s money and that the supply of it can therefore be increased This false notion has aggrandized the Fed with power that it can t possibly use wisely The contrast between the grinding poverty of Baltimore and the abundance of Silicon Valley helps illustrate the problem along with stories about Donald Trump Robert Downey Jr Jim Harbaugh the Michigan football coach and robots Who Needs the Fed makes a sober case against the Federal Reserve by explaining what credit really is and why the Fed s existence is inimical to its creation Readers will come away entertained much more knowledgeable and prepared to argue that the Fed is merely superfluous on its best days but perilous on its worst

**Athlete Activism** Gary Wiener,2019-12-15 While Colin Kaepernick s 2016 protests reignited the debate surrounding athletes and political activism the relationship between the two is a longstanding tradition The athletic field has long been a site for protests against racism hosting key events in the fight for equality such as legendary African American baseball player Jackie Robinson s 1947 induction into the MLB Recent protests have expanded to issues like sexism LGBT rights and immigration and have made use of social media and other modern developments This volume examines the controversies surrounding athlete activism as well as its place in history and contemporary politics

**Was Jesus a Socialist?** Lawrence W. Reed,2023-08-22 If anyone was ever a socialist it was Jesus Kelley Rose Democratic Socialists of America Economist and historian Lawrence W Reed has been hearing people say Jesus was a socialist for fifty years And it has always bothered him Now he is doing something about it His new book demolishes the claim that Jesus was a socialist Jesus called on earthly governments to redistribute wealth Or centrally plan the economy Or even impose a welfare state Hardly Point by point Reed answers the claims of socialists and progressives who try to enlist Jesus in their causes As he reveals nothing in the New Testament supports their contentions Was Jesus a Socialist could not be more timely Socialism has made a shocking comeback in America Poll after poll shows that

young Americans have a positive image of socialism In fact more than half say they would rather live in a socialist country than in a capitalist one And as socialism has come back into vogue more and more of its advocates have tried to convince us that Jesus was a socialist This rhetoric has had an impact According to a 2016 poll by the Barna Group Americans think socialism aligns better with Jesus s teachings than capitalism does When respondents were asked which of that year s presidential candidates aligned closest to Jesus s teachings a self proclaimed democratic socialist came out on top Sure enough the same candidate earned more primary votes from under thirty voters than did the eventual Democratic and Republican nominees combined And in a 2019 survey more than 70 percent of millennials said they were likely to vote for a socialist Was Jesus a Socialist expands on the immensely popular video of the same name that Reed recorded for Prager University in July 2019 That video has attracted more than four million views online Ultimately Reed shows the foolishness of trying to enlist Jesus in any political cause today He writes While I don t believe it is valid to claim that Jesus was a socialist I also don t think it is valid to argue that he was a capitalist Neither was he a Republican or a Democrat These are modern day terms and to apply any of them to Jesus is to limit him to but a fraction of who he was and what he taught *Men Against Myths* Fred Greenbaum,2000-07-30 Greenbaum examines the use of myth as a means of social control and examines the corporate mythology of the Gilded Age Progressive politicians led the opposition to these myths arguing that government was not to be used to enrich corporations but to reduce their economic and political power and to increase equity The progressive challenge redirected government to serve the larger commonwealth and thus transformed ordinary lives Gilded Age mythology resurrected in the 1980s restored corporate domination and economic inequity Through his extensive analysis of the lives of six prominent Progressives Greenbaum seeks to contravene contemporary mythology He begins with George Norris of Nebraska a Republican Congressman and Senator from 1906 until 1942 William E Borah Republican of Idaho who served in the Senate from 1906 until his death in 1940 and Hiram Johnson who was Republican Governor of California Progressive Vice Presidential candidate in 1912 and Senator from 1916 until his demise in 1945 These chapters are followed by an examination of William Gibbs McAdoo a New York business promoter who was Wilson s Secretary of the Treasury the leading candidate for the 1924 Democratic Presidential nomination and Senator from California from 1932 until 1938 Bainbridge Colby a New York legislator who supported Theodore Roosevelt in 1912 and was Wilson s last Secretary of State and Edward P Costigan Colorado Republican who became the Progressive appointee to the Tariff Commission and Democratic Senator from 1930 through 1936 The volume concludes with an analysis of the progressive impulse and contrasts progressive views with resurrected Gilded Age mythology the new ideas of the 1980s An important study for scholars students and other researchers interested in progressivism and the role of government in American socioeconomic life and intelligent readers interested in ideas **Progressive Myths** Michael Huemer,2024 Do women really get paid 30% less than men for the same work Do American police regularly murder unarmed black men just for being black Is global warming

really going to destroy human civilization This book answers these and other questions about the state of our society A sober look at the evidence reveals that many factual claims used to support progressive political views are false exaggerated or radically misleading After exposing a series of these myths the author explains how and why progressive myths have become popular why they are harmful and how we can avoid being taken in by political myths     **Progressivism** Arthur Stanley Link, Richard L. McCormick, 1983     Progressivism , 1971
