Relocating to Ecuador - Eyes Wide OPEN Terry Roberts, 2015-07-15 This book is regularly updated with new and expanded content This July 2019 update alone raises the page total by some 150 pages of new information Several appendices in the back of the book provide many more sources of useful information For purchasers of the Kindle version the book's Preface explains how purchasers of the book can receive free automatic updates of the book from Amazon This is a full color book that includes many color photographs capturing the beauty colorfulness and spirit of Ecuador that and the high number of pages are why the softcover price is what it is as required by Amazon Keywords are shown in bold type so that you can scan the information quickly to find topics of particular interest Also for easy identification new content in this Third Edition is shown in a distinctive lavender text For several years now Ecuador has been a hot destination for gringo relocation There have been plenty of online resources spreading information and disinformation about Ecuador as a retirement or part time living destination I've lived in Cuenca Ecuador since December 2013 after moving here sight unseen but not recommended My intention going in and to this day is to live here the remainder of my days Much of the important stuff to think about regarding moving to Ecuador is out there but it's scattered all over creation And the little gold nuggets of knowledge that you really need to guide you get lost in the mayhem I focus largely on clarifying topics I've found to be confusing elusive under appreciated and or misunderstood I've drawn insights and recommendations from my own experience those of other expats whom I've gotten to know expat facilitators and articles from other sources While some of the information is specific to Cuenca the vast majority is true of all of Ecuador Besides some 80% of the people who relocate to Ecuador eventually end up living in Cuenca Many expats who relocate overseas need to supplement their incomes in some manner if only by several hundred dollars a month One thing that sets this book apart is a six page section that addresses the many advantages of running a US registered online business digital information business in particular from Ecuador but marketing the products and or services to the US and other English speaking audiences That avoids all Ecuadorian business formation reporting and taxation bureaucracy And using a US bank for the business further simplifies things Like most anywhere Ecuador has pleasant attributes in Ecuador's case many of them and a few potentially off putting attributes It is what it is This book illustrates why your mindset more than Ecuador itself will largely determine how well you adapt and your ultimate sense of contentment and well being I hope to meet you at a delightful sidewalk espresso cafe in Cuenca one day and hear all the details of your journey WHAT READERS ARE LIKING FROM AMAZON TESTIMONIALS Very thorough the author really puts you onto the streets of Ecuador You are interfacing with store owners taxi drivers doctors nurses and in general the people of Ecuador You experience the basic Spanish phrases you will need to get by within your initial exposure to Ecuadorian culture Variable Lost Relocating to Ecuador by Terry Dean Roberts provides a great contemporary overview covering the most important aspects of life in Cuenca He generously includes lots of photos and several maps Beatrice A light

and quick read packed with valuable details It is by far one of the most informative and best resources I have found regarding the subject DF Concise easy to read format Great advice for someone looking to retire in Cuenca The author is also is humble enough to know he does not know It all Refreshing in this day and age Joe      **Relocating to Ecuador - Eyes Wide OPEN** Terry Roberts,2015-08-02 This book features four color reproduction inside and out with some 35 stunning color photos of Ecuador The photos capture the true beauty colorfulness and spirit of Ecuador For several years now Ecuador has been a hot destination for gringo relocation There have been plenty of online resources spreading information and disinformation about Ecuador as a retirement or part time living destination As of this writing I ve lived in Cuenca Ecuador for 20 months after moving here sight unseen My intention going in and to this day is to live here the remainder of my days Having arrived I now have a terrific cadre of both gringo and Ecuadorian friends in Cuenca who continually share experiences with one another about theirs and other gringos relocations to Ecuador Much of the important stuff to think about regarding moving to Ecuador is out there but it s scattered all over creation And the little gold nuggets of knowledge that you really need to guide you get lost in the mayhem In this book I focus largely on clarifying topics that I ve found to be confusing elusive under appreciated and or misunderstood I ve drawn the insights and recommendations from my own experience those of other expats who I ve gotten to know and from facilitators who specialize in helping expats here navigate through the maze of getting settled and daily living It is also written in bulleted style with keywords in bold type so you can scan the information quickly as needed when needed to find answers Many expats who relocate overseas need to supplement their incomes in some manner if only by several hundred dollars a month One thing about this book that truly sets it apart is the robust section on doing business online from wherever you live especially the many many advantages of selling information online commonly called infopreneuring Such businesses can completely avoid the challenges of navigating the maze of legally starting a business in a foreign country and dealing with the language barrier Ok back to your prospects of happiness in Ecuador Here s a big hint about your potential happiness here It s all about the software not the hardware In that analogy the software is all the programming read baggage that you carry around in your head Obviously it travels with you wherever you go meaning you don t change it merely by moving Or as someone once quipped Wherever you go there you are The hardware is the environment in which you live in this case Ecuador more specifically Cuenca Ecuador My point is Ecuador is Ecuador Like most anywhere it has pleasant attributes in Ecuador s case many of them and a few potentially off putting attributes It is what it is Your attitude determines your response to both Everyone experiences everything through their unique filters programming And that programming has 100 times more impact on how you view your life experience than the environment itself Lest there be any misunderstanding let me be abundantly clear that while Ecuador has all the idiosyncrasies presented below I love my life in Cuenca Ecuador The book includes a list of the things I personally love and am grateful for every day      **Becoming an Expat Ecuador** Shannon Enete,2016-06-27 Your guide to moving abroad to
