Feminist Methodologies For Critical Bridging Differences:

Feminist Methodologies for Critical Researchers Joey Sprague, 2005-08-31 This brief text on social research methodology teaches students of sociology and related disciplines how standard methods can be adapted toward critical ends by thinking more carefully about the links between epistemology and methodology Written in a clear balanced fashion Joey Sprague's treatment of qualitative and quantitative methods shows that all can be used effectively by progressive researchers She describes and evaluates a wide array of methodological options for the production of knowledge Unique to this volume Sprague avoids the stereotype that tarnishes all quantitative research as inherently anti feminist showing through an analysis of model studies how surveys and experimental designs are being used by critical scholars She traces how the social organization of the academy has produced a bias against feminist methodology and proposes a program to overcome these limitations Sprague's book will be of value to scholars of many disciplines and a essential text or supplement for methods classes

Critical Approaches to Women and Gender in Higher Education Pamela L. Eddy, Kelly Ward, Tehmina Khwaja, 2017-01-12 This volume provides a critical examination of the status of women and gender in higher education today Despite the increasing numbers of women in higher education gendered structures continue to hinder women's advancement in academia This book goes beyond the numbers to examine the issues facing those members of academia with non dominant gender identities The authors analyze higher education structures from a range of perspectives and offer recommendations at individual and institutional levels to encourage activism and advance equality in academia

An Introduction to Critical Management Research Mihaela L Kelemen, Nick Rumens, 2008-09-17 This book offers a lively and readable account of how scholars and students might engage with some of the more unusual critical theories associated with the critical management research project Supported by a wealth of empirical and theoretical material this book will introduce readers to the complex issues surrounding how to carry out critical management research rather than simply providing prescriptive answers Heather H pfl University of Essex Kelemen and Rumens have done management scholars a great service in reviewing a huge amount of disparate knowledge and compressing it into a succinct lively and provocative book on the current state of Critical Management Studies This is a must read for those both inside and outside CMS Keith Grint Cranfield University Management is a critical term for contemporary politics but getting to grips with managerialism requires research methods that can deal with contemporary and controversial topics This book provides the tools for that project and will be invaluable for scholars and students who wish to challenge the conservatism of management academy at the present time Martin Parker University of Leicester Why have certain theories shaped management research Where do research theory and practice meet if at all To ask these questions is to think critically about management research Mihaela L Kelemen and Nick Rumens explore the fundamentals of critical management theory and their influences on management research and in doing so offer the student an illuminating introduction to what is often a disparate and complex array of

issues 10 expressive chapters examine theoretical foundations including those most often sidelined in mainstream management theory from postmodernism and deconstruction to American pragmatism along with methodological choices and the intellectual issues each of these presents Also provided is a timely consideration to the consequences and ethical concerns now inherent to any research issue *Critical Qualitative Inquiry* Gaile S Cannella,Michelle Salazar Pérez,Penny A Pasque,2016-07 This comprehensive volume of contemporary original articles by leading figures in qualitative research places the critical qualitative research in its historical context describes the current landscape and offers the opportunities of a critical qualitative inquiry for the future *Handbook of Research Methods on Human Resource Development* Mark N.K. Saunders,Paul Tosey,2015-07-31 As Human Resource Development HRD research has developed a growing variety of quantitative and qualitative data collection procedures and analysis techniques have been adopted research designs now include mono multiple and mixed methods This Hand "Doing" Critical Health Communication. A Forum on Methods Shaunak Sastry,Heather Zoller,Ambar Basu,2021-03-05 **Handbook of Feminist Research** Sharlene Nagy Hesse-Biber,2007 The topic feminist research has too often been neglected in standard research methods books The Handbook of Feminist Research represents the establishment of a new tradition or paradigm in viewing how the research process is implemented Feminist researchers bring unique epistemological and methodological perspectives to the research process Feminists approach to methodology allows for new types of questions about women s lives and those of other ed marginalized groups to be addressed within their respective fields of research This Handbook stresses the interconnections between epistemology methodology and methods They are not de linked from each other but work together in dynamic ways to produce new knowledge and this openness itself is also characteristic of how feminist researchers approach their work Feminists engage synergistically with all three aspects of the research process epistemology methodology and method Through a synergistic connection between these elements of research epistemology methodology and method we find that feminist research often shapes new research endeavors that are greater than the sum of their parts In other words while traditional research employs these components of research the synergistic engagement of these components in feminist research questions the status quo aiming to raise our consciousness about how we do research Looking at the selections provided in this Handbook we are able to look at feminist research its implementation of synergistic use of epistemology methodology and method and the resulting qualities of feminist research in practice *Feminist Collections* ,2016

Theorising and Representing Maternal Realities Marie Porter,Julie Kelso,2008 Maternal research is a rapidly expanding multi disciplinary form of scholarship Prior to second wave feminism most motherhood literature was written from a male perspective This literature focused on telling mothers how to practice mothering without acknowledging the expertise of the mothers themselves Research on motherhood as it is experienced in all its facets by mothers has only emerged in recent decades This book is aimed at expanding academic knowledge of motherhood from a feminist perspective looking

particularly at how maternal subjectivities can be represented and theorised When mothers themselves academic or not are responsible for theorisation and representation of maternal realities TM dominant theories and representations of motherhood are radically challenged In *Theorising and Representing Maternal Realities* the contributors argue that it is no longer acceptable to regard mothers as mere objects of knowledge and research They are primarily the subjects of knowledge and research *Women's Lives: Multicultural Perspectives* Gwyn Kirk, Margo Okazawa-Rey, 2009-02-04 Womens studies womens lives knowing and understanding Our bodies ourselves womens sexuality women bodies womens health Womens places home and work in a globalizing world Security and sustainability Activism and change **Listening for the Beat** Liana Gamber Thompson, 2010 Qualitative Educational Research Wendy Luttrell, 2010 A comprehensive anthology that helps deepen students thinking about their qualitative research purposes questions and decision making Changing Gender Relations, Changing Families Oriel Sullivan, 2006-04-27 It s common knowledge that responsibilities in the home are not divided equally between men and women Feminists bemoan how slowly this gender gap is changing Sociologist Oriel Sullivan however focuses on the neglected topic of the processes of change discussing changing domestic gender practices on many different levels from changes in attitudes about gender equality in the home to the quantitative analysis of change in the domestic division of labor His newly developed theoretical approach connects the wider discussion of gender practices within the home to the interactions and negotiations that individuals engage in on a day to day basis He includes empirical evidence for change presenting findings based upon directly comparable cross national data from the mid 1960s to the late 1990s This book will appeal to readers interested in gender studies sociology and in the changing gender equity of the home *Gender Inequality* Judith Lorber, 2010 In *Gender Inequality Feminist Theories and Politics* Fourth Edition internationally renowned feminist Judith Lorber examines various evolving theories of gender inequality Tightly structured around Lorber s own paradigm of reform resistance rebellion this combination text reader acknowledges feminism s significant contributions to redressing gender inequality and celebrates its enormous accomplishments over the last forty years It also documents feminism s ongoing political activism and with an awareness of postmodern and third wave trends points toward its future Significantly rewritten reorganized and updated the fourth edition features seventeen new readings and new sections on feminism in China India South Korea and Japan In addition the bulleted lists that introduce each type of feminism now include a critique as well as that particular feminism s theories on the sources of gender inequality its politics and its contributions An accessible engaging classic written by one of sociology s first feminists *Gender Inequality Feminist Theories and Politics* Fourth Edition is an ideal undergraduate and graduate text for courses in introductory feminism feminist theory and women s studies **The British National Bibliography** Arthur James Wells, 2006 **The Family Work Negotiations of Couples Seeking Equality** Rachel Bryant-Anderson, 2010 **New Books on Women and Feminism**, 2005 *Book Review Index*, 2006 Every 3rd issue is a quarterly cumulation **The SAGE Handbook of Qualitative**
