Feminist Knowledge Critique And Construct:

Feminist Knowledge (RLE Feminist Theory) Sneja Gunew, 2013-05-20 The minority feminist viewpoints have often been submerged in the interests of maintaining a mainstream universal model of feminism This anthology takes into account the various differences among women while looking at the important areas of feminist struggle While sisterhood is indeed global it certainly does not mean that all women are required to submerge their specific differences and assimilate to a universal model Consequently the collection includes essays by leaders in the field of post structuralist enquiry as well as by those immersed in the new spirituality and the social consequences of recent biological research Other essays reflect the political struggles which continue to be waged with different strategies by socialist and radical feminists and the self searching analyses undertaken by feminists uneasy about their inclusion within educational institutions and the radical new interpretations of sexuality within the cultural domain The collection begins with a critique of white mainstream feminism emanating from Aboriginal women in Australia The implications of the critique indicate that there is a pervasive racism within the feminist movement

Feminist Knowledge Sneja Gunew, 2012-10-11 This collection contains essays by leaders in the field of post structuralist enquiry as well as by those immersed in the new spirituality and the social consequences of recent biological research Other essays reflect political struggles being waged with different strategies by radical feminists and the analyses undertaken by feminists uneasy about their inclusion within educational institutions and the radical new interpretations of sexuality within the cultural domain Feminist Knowledge Sneja Marina Gunew, 1990 Feminist Knowledge as Critique and Construct Deakin University, 1985 **Feminist Knowledge as Critique and Construct**, 1988

Feminist Knowledge as Critique and Construct Margaret Greener, Deakin University, 1985 Routledge Library Editions: Feminist Theory Various, 2021-04-28 Routledge Library Editions Feminist Theory brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from *The Liberation of Women* to *Feminists and State Welfare* from *Married to the Job* to *Julia Kristeva* this set provides in one place a wealth of important reference sources from the diverse field of gender studies **Feminist Knowledge as Critique and Construct. Unit A. Study Guide**, 1987 From Revolution to Deconstruction Pam Papademos, 2010 Feminist theory is no longer guiding the development of policy interventions in Australia because it is seen to be irrelevant to modern women Many leading feminists are locked into a politics that is based on liberal or socialist principles and do not want or know how to move away from these even when this type of politics is failing to change many women's circumstances This book confronts feminism and challenges its relationship to philosophy which the author argues impacts on the reception of poststructural theories like deconstruction It provides a narrative of why the potential for deconstruction has been denied as well as where it has been taken on It gives an account of deconstruction that tackles some of its more difficult aspects namely its political applications The book also outlines the history of Women's Studies as a discipline that is its

institutionalization and identifies its theoretical concerns as a social movement with a political agenda The book maps deconstruction's impact on feminism in Australia and more specifically its introduction to Women's Studies programs
