

Instructions of an Article for the FCE Writing Paper

A local magazine has asked readers to write an article about their favourite things about the Internet. Write the article talking about the things you do with the Internet and recommend a website to other readers.

It is extremely important to **read the instructions carefully**, as you are supposed to obtain all the information you need to write the article. In this case we can see the following:

- **Where our article will be published:** *a local magazine*
- **Topic:** *their favourite things about the Internet*
- **Main ideas:** *things you do with the Internet, recommend a website*

And that's exactly how we will organise our article, knowing exactly what to talk about in each paragraph.

Sample answer

Now that we have an **example of an article task for FCE**, let's take a look at a **sample article** which answers the task above. Pay attention to the language as well as to the structure marked in red.

TITLE	The Internet: A Great Invention
INTRODUCTION	<i>The Internet has changed the way we live. It started as something that we could access only through a computer, but nowadays it is everywhere, and I love it!</i>
ONE THING I LIKE <i>find answers</i>	<i>One of the cool things about the world wide web is that you can look up anything you want and find out the answer straight away. Isn't that fantastic? For example, imagine you are arguing with your friends about how to do something. Easy solution: go online and find the answer!</i>
WHAT I LIKE BEST <i>learn stuff cheaply</i> & RECOMMENDATION <i>www.udemy.com</i>	<i>However, the greatest thing about the Internet is how you can learn tons of things very cheaply or even for free! In fact, my favourite website is www.udemy.com, where people register to teach and learn about different things: music, website design, making apps, history, etc. So I totally recommend it to everyone!</i>
CONCLUSION	<i>In conclusion, the Internet has a lot of great things. For me, the best are finding information and learning online. What about you? What are your favourite things about it?</i>
