Fear Itself Benjamin Pratt And The Keepers Of The School:

Fear Itself Andrew Clements, 2011-01-04 Book two in the riveting and mysterious series by the master of the school story
Andrew Clements Benjamin Pratt & the Keepers of the School Collection (Boxed Set) Andrew Clements, 2016-11-15 A
6000 pound wrecking ball is about to demolish Benjamin Pratt's school And he only has twenty eight days to figure out how
to stop it In this fast paced and action packed mystery series Benjamin Pratt and his friends Jill and Robert must figure out
who is trying to destroy his school and why At first having the school demolished to make room for an amusement park
sounds pretty awesome But when Ben stumbles upon the truth behind this grand scheme and the ancient history buried deep
within the school that goes all the way back to the Founding Fathers he decides he's got no choice but to stop the bulldozer
before it starts and protect his school *Troublemaker* Andrew Clements, 2013-02-05 When his older brother gets in serious
trouble sixth grader Clay decides to change his own mischief making ways but he cannot seem to shake his reputation as a
troublemaker Extra Credit Andrew Clements, 2012-03-13 It isn't that Abby Carson can't do her schoolwork She just doesn't
like doing it And in February a warning letter arrives at her home Abby will have to repeat sixth grade unless she meets
some specific conditions including taking on an extra credit project to find a pen pal in a distant country Seems simple
enough But when Abby's first letter arrives at a small school in Afghanistan the village elders agree that any letters going
back to America must be written well In English And the only qualified student is a boy Sadeed Bayat Except in this village it
is not proper for a boy to correspond with a girl So Sadeed's younger sister will write the letters Except she knows hardly any
English So Sadeed must write the letters For his sister to sign But what about the villagers who believe that girls should not
be anywhere near a school And what about those who believe that any contact with Americans is unhealthy Not so simple But
as letters flow back and forth between the prairies of Illinois and the mountains of central Asia across cultural and religious
divides through the minefields of different lifestyles and traditions a small group of children begin to speak and listen to one
another And in just a few short weeks they make important discoveries about their communities about their world and most
of all about themselves *We the Children* Andrew Clements, 2012-03-20 The first in a six book series *We the Children*
follows Ben his tech savvy friend Jill and the class know it all Robert as they uncover a remarkable history and use it to
protect the school Sixth grader Benjamin Pratt loves history which makes going to the historic Duncan Oakes School a pretty
cool thing But a wave of commercialization is hitting the area and his beloved school is slated to be torn down to make room
for an entertainment park This would be most kids dream except there's more to the developers than meets the eye and more
to the school Because weeks before the wrecking ball is due to strike Ben finds an old leather pouch that contains a
parchment scroll with a note three students wrote in 1791 The students call themselves the Keepers of the School and it
turns out they're not the only secret group to have existed at Duncan Oakes About Average Andrew Clements, 2014-04-29
