Fearless Spirituality: What Sages Knew and Science Discovered Lee Hager, Steven Hager, 2013-05-01 You've probably asked yourself one of life's most frustrating questions: If God is love, why do we live in a world of fear and suffering? Did you come up with a satisfying answer? Many have given up, deciding the dichotomy proves that God cannot exist. But this is a question that deserves a meaningful answer, one that must go far beyond just believe. Sages who have experienced the Divine directly (gnosis) discovered the answer. As a result, they lived a life of spiritual fearlessness. Does that sound impossible? If so, then why bother with a spiritual quest? Why not stick with what the world has to offer? But you were not meant to seek continually, but to find. You were not meant to keep wondering; you were meant to understand. You were not meant to feel disconnected from the Divine, but to enjoy a direct personal relationship. You were not meant to live in fear, but to rest in complete peace and security that can only result from experiencing truth first-hand. Jesus was not the only sage who promised, "You will know the truth, and the truth will set you free." Although many religious teachings have been unable to stand up to scientific scrutiny, you'll find that the words of the fearless sages we'll be examining are strengthened by it. This liberating information was not meant for a special few, so what keeps most of us from recognizing the simple truths that can free us from fear? Let the words of sages and scientists hand you the keys you need to unlock the door to fearless spirituality.

The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy (Complete) Helena Petrovna Blavatsky, 2020-09-28 Since the appearance of Theosophical literature in England, it has become customary to call its teachings Esoteric Buddhism. And having become a habit as an old proverb based on daily experience has it: Error runs down an inclined plane while Truth has to laboriously climb its way up hill. Old truisms are often the wisest. The human mind can hardly remain entirely free from bias, and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made. This is said with reference to the prevailing double mistake: a) of limiting Theosophy to Buddhism, and b) of confounding the tenets of the religious philosophy preached by Gautama the Buddha with the doctrines broadly outlined in Esoteric Buddhism. Any thing more erroneous than this could hardly be imagined. It has enabled our enemies to find an effective weapon against Theosophy, because as an eminent P. L. scholar very pointedly expressed it, there was in the volume named neither Esotericism nor Buddhism. The esoteric truths presented in Mr. Sinnett's work ceased to be esoteric from the moment they were made public, nor did the book contain the religion of Buddha, but simply a few tenets from a hitherto hidden teaching which are now explained and supplemented by many more in the present volumes. And even the latter, though giving out many fundamental tenets from the Secret Doctrine of the East, raise but a small corner of the dark veil. For no one, not even the greatest living Adept, would be permitted to, or could even if he would, give out promiscuously to a mocking unbelieving world that which has been so effectually concealed from it for long on and ages. Esoteric Buddhism was an excellent work with a very unfortunate title, though it meant no more than does the title of this

work *The Secret Doctrine* It proved unfortunate because people are always in the habit of judging things by their appearance rather than by their meaning and because the error has now become so universal that even most of the Fellows of the Theosophical Society have fallen victims to the same misconception From the first however protests were raised by Brahmans and others against the title and in justice to myself I must add that Esoteric Buddhism was presented to me as a completed volume and that I was entirely unaware of the manner in which the author intended to spell the word Buddhism

The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy Volume II: Anthropogenesis Helena Petrovna Blavatsky, 2018-02-24 The last book in the monumental work of Theosophic thought This book focuses on gaining occult power in the formation of the humanity and the earth This group sought to learn the secrets of nature science and divinity in order to empower themselves to godhood and this book reveals their secrets as to how knowledge to do this can be attained It does not reveal what the ultimate saving knowledge is that can do this but it gives guidelines on how to start the journey for yourself Statesmen and sages Charles Francis Horne, 1894 Foucault and Politics Mark G. E. Kelly, 2014-11-18 Critically explains Michel Foucault's thought the political implications of each phase of his work how his thought has been used in the political sphere and the importance of his work for politics today **Christian Science Sentinel**, 1901

Blavatsky, 2016-10-25 Complete and unabridged here is the unparalleled landmark of occult philosophy and lost history that reshaped the modern spiritual mindset and continues to fascinate readers today There is perhaps no greater enigma in modern Western literature than *The Secret Doctrine* The controversial Russian noblewoman Madame Helena Petrovna Blavatsky told the world that the book restored humanity's lost history and destiny Its insights she said had been gleaned from long secret books of wisdom and her tutelage under mahatmas or great souls adepts from the East who exposed the seeker to their esoteric teaching To read *The Secret Doctrine* is to enter a mysterious world of ancient cosmology and spiritual scientific insights which tell of humanity's unthinkable ancient past and its burgeoning evolution into a new more refined existence For the first time Blavatsky's encyclopedia arcana is available in a reset and redesigned single volume edition complete and unabridged Its truths and challenges are available to the intrepid reader who may find yet unknown insights within its pages *All-important pages from the Secret Doctrine* Helena Petrovna Blavatsky, 2018-04-23 *The Flaming Sword*, 1905 **Modern Church**, 1892 *Soldiers and sailors* Charles Francis Horne, 1894 A collection of biographies by various authors The Index, 1875 **English Mechanic and Mirror of Science and Art**, 1912 **The Christian Union**, 1871 New Left Review, 2008 **The Critic**, 1896 **Critic and Literary World** Jeannette Leonard Gilder, Joseph Benson Gilder, 1896 *Intercollegian*, 1925
