Fearless Teaching Collected Stories:

Fearless Teaching: Collected Stories Stuart Grauer, 2016-01-01 Fearless Teaching is a stirring and audacious jaunt around the world that peeks with the eyes of one of America's most seasoned educators into places you will surely never see on your own. Some are disappearing. It is a bit like playing hooky from school. You will travel to the Swiss Alps, Korea, Navajo, an abandoned factory in Missouri, the Holy Land, the Great Rift Valley, the schools of Cuba, the ocean waves and the human subconscious, oh, and Disneyland. There you will find colorful stories for the encouragement, inspiration, and courage needed by educators and parents. Fearless Teaching is not a fix-it book; it is more a way of seeing the world and the school so that you can stay in your work and focus on what matters most to you.

Creating Learning Spaces Joachim Bröcher, 2020-03-03 What can we learn from a teacher's journal about working with challenging youth? Why does the Training Room Program in German schools impede the development of an empowering learning culture? What experiences transpire during a train trip to the sea with an unruly crew of school boys? Or what happens when children plan a trip on their own? Anyone who has accumulated experiences in teaching faces creative choices when putting that legacy to paper. The author chose to use this selection of studies to illustrate formative and inspirational moments from his years as a dedicated teacher and father.
