Feesst Flexible Endoscopic Evaluation Of Swallowing Using Sensory Testing:

FEESST Jonathan E. Aviv, Thomas Murry, 2005 Essential for every physician who sees patients with impaired swallowing **FEESST** Flexible Endoscopic Evaluation of Swallowing with Sensory Testing provides physicians with a quantum leap forward in the evaluation and management of patients with impaired swallowing The examination allows direct assessment of both the motor and sensory aspects of the swallow which enables physicians to precisely guide the dietary and behavioral management of patients with swallowing problems to decrease the risk of aspiration pneumonia Swallowing - Physiology, Disorders, Diagnosis and Therapy Gauri Mankekar, 2015-05-23 Swallowing difficulty or dysphagia is a common disorder and affects all age groups from the newborn to the elderly Several medical conditions like lack of dentition gastroesophageal reflux disease eosinophilic esophagitis cardiomegaly and strokes can cause dysphagia It can also follow head neck surgeries It is important to diagnose and treat dysphagia otherwise it can lead to malnutrition and dehydration Improved understanding of the physiology of swallowing advances in endoscopic and radiological techniques along with an increasing elderly population has resulted in development of a separate swallowing disorders discipline This book would be an aid for clinicians educators and trainees from the fields of speech language pathology pediatrics otolaryngology gastroenterology oncology neurology geriatrics and rehabilitation all of who form a part of the multidisciplinary swallowing team

Documentation and Reimbursement for Speech-Language Pathologists Nancy Swigert, 2024-06-01 Although it is the least noticed by patients effective documentation is one of the most critical skills that speech language pathologists must learn With that in mind **Documentation and Reimbursement for Speech Language Pathologists Principles and Practice** provides a comprehensive guide to documentation coding and reimbursement across all work settings The text begins with section 1 covering the importance of documentation and the basic rules both ethical and legal followed by an exploration of the various documentation forms and formats Also included are tips on how to use electronic health records as well as different coding systems for diagnosis and for procedures with an emphasis on the link between coding reimbursement and the documentation to support reimbursement Section 2 explains the importance of focusing on function in patient centered care with the ICF as the conceptual model then goes on to cover each of the types of services speech language pathologists provide evaluation treatment planning therapy and discharge planning Multiple examples of forms and formats are given for each In section 3 Nancy Swigert and her expert team of contributors dedicate each chapter to a work setting in which speech language pathologists might work whether adult or pediatric because each setting has its own set of documentation and reimbursement challenges And since client documentation is not the only kind of writing done by speech language pathologists a separate chapter on other professional writing includes information on how to write correspondence avoid common mistakes and even prepare effective PowerPoint presentations Each chapter in **Documentation and Reimbursement for Speech Language Pathologists** contains activities to apply information learned in that chapter as well as

review questions for students to test their knowledge Customizable samples of many types of forms and reports are also available Included with the text are online supplemental materials for faculty use in the classroom Documentation and Reimbursement for Speech Language Pathologists Principles and Practice is the perfect text for speech language pathology students to learn these vital skills but it will also provide clinical supervisors new clinicians and speech language pathologists starting a private practice or managing a department with essential information about documentation coding and reimbursement
