*Gender for the Warfare State* Robin Truth Goodman,2016-10-14 Gender for the Warfare State is the first scholarly investigation into the written works of U S women combat veterans in twenty first century wars Most recent studies quantify military participation showing how many women participate in armed services and what their experiences are in a traditionally male institution Many of these treatments regard women as victims solely of enemy fire even as they are also

often victims of their own military apparatus and of their own involvement in global aggression By applying literary analysis to a sociological question Gender for the Warfare State views women s experiences through story and literary traditions that carry meaning into present practices Goodman shows that women in combat are not just entering and being victimized in male institutions but are also actively changing the story of gender and thus the structure of power that is constructed through gender Moreover this book unveils a new narrative of care that affects economic relations more broadly and the contemporary politics of the liberal social contract Women s participation in combat is not just a U S event but global and therefore has a deeper historical range than current sociological accounts imply The book compares the political contexts of women s entry into war now with their prior twentieth century contributions to wars in other cultural settings and then uses this comparison to show a variety of meanings at play in the gender of war Radical Teacher ,2009 **Remembering Trauma in a Time of War** Tamara Lea Spira,2009 Z Magazine ,2009 **New Books on Women, Gender and Feminism** ,2010 **New Left Review** ,2009 **New Books on Women and Feminism** ,2010 *Feminist Freedom Warriors* Chandra Talpede Mohanty,Linda Carty,2018-06-05 Started as a digital archive project Feminist Freedom Warriors tells the stories of women of colour from the Global South weaving together cross generational histories of feminist activism across national borders These engaging interviews with sister comrades such as Angela Davis Margo Okazawa Rey Himani Bannerji and more will inform inspire and activate the imagination to explore what a just world might look like The book features interviews with activists from movements spanning the last seven decades in the United States India Mexico Palestine Nigeria South Africa and beyond **The British National Bibliography** Arthur James Wells,2009 **Confronting the American Dream** Michel Gobat,2005-12-27 Asks how a virulent anti Americanism developed in a Nicaraguan society that also seemed to embrace Americanization fervently and explores the historical roots of this paradox America, History and Life ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Confronting Male Power with Integrity** Cindy Jenefsky,1990 **Third World Resources** ,1990
