the EBac s focus on attainment of mathematics and science GCSEs but is concerned that subjects such as Design and Technology D T might be marginalised A Technical Baccalaureate TechBac is being designed but if it is to be a success schools should be incentivised to focus on the TechBac by making it equivalent to the EBac Reforms to vocational education following the Wolf Review meant that Level 2 of the Engineering Diploma a qualification highly regarded would count as equivalent to one GCSE despite requiring curriculum time and effort equivalent to several GCSEs The Engineering Diploma however is currently being redesigned as four separate qualifications The Committee also expressed concerns over the Department for Education s DfE lack of clarity on its research budget and use of evidence in decision making The DfE needs to place greater focus on gathering evidence before changes to qualifications are made and must leave sufficient time for evidence to be gathered on the effectiveness of policies before introducing further change The possibility of gathering evidence from randomised controlled trials RCTs should be seriously considered
